

TANDEM PLUS

ACTIVITY REPORT 2022

TANDEM PLUS

TANDEM PLUS leans on experiences of various European countries concerned very closely by the problem of the social exclusion and the poverty. It includes **multidisciplinary partners** to answer collectively this problem by **mutualizing the average human beings, technical and financial.**

The exchanges of practices and the experiment allow to strengthen the professional practices by appropriating the various policies of integration in various countries and to build new modes of action.

TANDEM PLUS DEVELOPS INTERVENTIONS AND COMMON STRATEGIES TO FACE PROBLEMS OF SOCIAL, POLITICAL AND ECONOMIC INCLUSION

The organizations share and develop socioeconomic dynamics on the scale of several territories by implying through an organized approach, all the actors of the economic, political, social, sociocultural life, the training and the research field.

TANDEM PLUS WORKS WITH ALL MEMBERS IN PARTICULAR ON THE FULFILLMENT OF THE FOLLOWING COMMON INTERESTS:

- Realize studies, researches and analyses in the field of social policies, of labor market and of the training throughout the life.
- Promote the information and the knowledge of social policies to the European level.
- Become an interlocutor recognized within the community of the European Union to influence the political orientations as regards the domain of social.
- Develop the specific projects in the field of the social inclusion.
- Develop and promote actions of preservation and restoration of European heritage.
- Conceive and implement projects of vocational training, putting in the employment and fiscal development.
- Favor and promote the intercultural dialogue.
- Develop the actions in favour of young people having no opportunities.
- Fight all the sorts of discriminations.
- Promote equality.

UNITED FOR GLOBAL GOALS

The project aims at creating a platform of exchange among the partners who belong to the European Network Tandem Plus, to learn and share experiences among operators of VET on the topic of Agenda 2030 Sustainable Development Goals, addressing the challenges that every European community and country is facing.

- Ensuring access to affordable, reliable, sustainable, and modern energy (SDGs 7)
- Making cities inclusive, safe, resilient, and sustainable (SDGs 11)
- Sustainable consumption and production models (SDGs 12)

CYBER.VET.EU

IMPROVING CYBERSECURITY READINESS OF THE EUROPEAN VOCATIONAL EDUCATION AND TRAINING SECTOR

The main objective of CYBER.EU.VET is to strengthen the European VET capacity to recognize and manage cybersecurity threats (e.g. phishing attacks, botnets, financial & banking frauds, data fraud) in a historical context where online training is more and more utilized. Its main objectives:

- To have more prepared VET educators on cybersecurity threats management, given their central role in the knowledge transfer of good practices and skills to their students.
- To increase awareness among VET teachers, students and their families as well on the importance to recognize such daily risks, that can have a both economic and social impact on all the European citizens.

PROJECT ACTIVITIES

- A comparative research analysis
- Awareness training material on cybersecurity
- A training for trainers toolkit for VET
- A "Cybersecurity handbook"
- Multipliers events to promote the project results and the 2021 and 2022 European Cybersecurity Month initiatives.
